

HMH AV instructions - September 23 - these instructions can also be found on top of or inside the AV cupboard

Hedgerley Memorial Hall Projector instructions

UPDATED JAN 23

1. Bring screen down by ensuring plug in on left hand wall of Hall

This is the plug for the screen

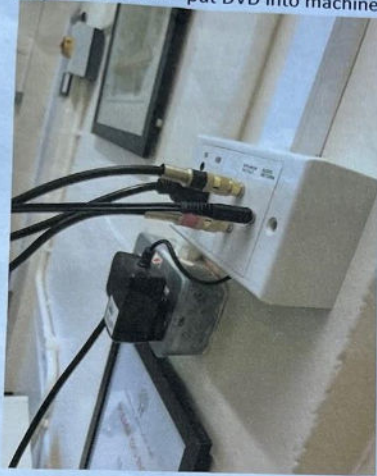

2. Then use up and down buttons on far wall to bring the screen down or use the

3. On and off wall switch for projector is by the first window (closest to screen), on the right hand side as you face the screen.
4. Switch on the projector by pressing the blue power button on top left hand side once.....

5. Bring out DVD and Amp in wooden cupboard and plug in as per below and ensure power plug in the socket – put DVD into machine using the DVD remote

Black 6p
Red below

6. Make sure AMP power is turned on in cupboard and **MAKE SURE LINE 1 ON INPUT IS USED FOR PROJECTOR**

NB. IF PLUGGING IN AT FRONT OF HALL, THE SOURCE IS COMPUTER 2

HDMI
S-VIDEO

9. For DVD you should see this screen and press central button on remote to action PLAY..... to make the source computer – move the arrowed buttons to take you onto computer 1.

10. For DVD now press play pointing it at the DVD machine

11. Sound can be controlled through this new remote

12 to turn off projector – press blue button twice and then LEAVE IT FOR ABOUT 5 MINS BEFORE TURNING OFF AT THE WALL TO ALLOW THE BULB TO COOL – THIS IS IMPORTANT PLEASE

Handwritten notes at the bottom of the page, including a large scribble and the words 'mrc 5'.

7. Once projector is on (blue light will show underneath it) use the remote again and just press "Source Search" on the top right hand side.....it should automatically sense whether a computer or dvd is going to be used.
8. If it doesn't go to HDMI 1 for DVD or Computer 1 for computer, just press either Computer button or HDMI button

MUSIC ONLY

CONNECT ALL AS ABOVE AT THE BACK OF ROOM,
BUT TURN INPUT TO TUNER

AND CONNECT IPOD/IPHONE TO LEAD ON TOP OF
TUNER.
